Tribute from Bruce Burbank

Relation: best friend growing up in Nelson.

So sad to only just now hear of Wayne's death. He was my best friend growing up during the teen years in Nelson and I had many "sleepovers" up at Gore St. and he at my house on Silica. My condolences to Darlene and Lori and I remember you both fondly from "back in the day". Glad Wayne and I were able to meet and have a beer more recently when I was back in Nelson and so sorry I missed him when I was in Nelson this past summer. He was always fun, positive, and of course passionate about music and all things related. He was a great friend.

Bruce Burbank

Tribute from Leah Nelson

Relation: Friend

Dear Lori and Family, We are so sad to hear of the loss of your dear brother Wayne. Heartfelt condolences to you all. So many wonderful memories of being at your place, or our place, in our 'hood. We became very dear friends for many decades, and I was thrilled when he got his dream job! We'd see him sometimes when he was home. He was such a sweet guy, and I loved to hear him share his adventures of his travels etc. I would have been there for him, if I had known about his health battle...Love and Light!! Leah (Kettlewell) Nelson and Family

Tribute from Don Walker

Relation: musical cohort , mate at sea , pls let me know of his Celebration , thx

Hello , I'm Don Walker , I helped Wayne get hired to Princess Cruises as I worked for Princess as a musician for 20 yrs myself, and have friends in the head office. Wayne and I worked on the ships together several times . I have been working on the coast and only heard Wayne is gone now , so sorry to hear it.

Wayne was highly valued at Princess and often was sent to a ship to remedy a situation , the shows are highly computerized now so the job requires those skills and most importantly "good ears" . Wayne excelled on the job and in the ship " social scene " for sure . He was always up for hanging out and having fun. He lived large at sea , I can assure and enjoyed his job and life. I recorded at his studio in Nelson too. Well done Wayne .
