**Tribute from David Martin Spofford**

Relation: Father In law

When I was young my parents were divorced. I had not called anyone dad after that. When I met the amazing soul and energy called Tom my life changed forever. He was a man's man, he taught me more than I can type here. I knew Tom for 30 + years. My wife, Tom's daughter, always encouraged me to "just call him dad" The word dad was alien to me, but after 10 years of knowing Tom I started to call him dad. Not because of my wife's wishes, but because he always treated me like his son and part of his family. His influence on me, has made me the man I am today, the father I am to my children and the husband I am to my wife. I am forever grateful dad, I will miss you, you will never be forgotten in my heart.

Relation: I worked with Tom at CPR

I met Tom while working at C.P.R. He always came into the office with a big smile and always had something to laugh about. After leaving my job at C.P.R. he would call me on my birthday. That was very special to me. I feel blessed to have known Tom. My condolences to the family.
